Individual Items
1-3/8" Insulator (Standard)
2.0" Insulator
12G. "Hat" Bracket

Standard busbar assemblies are insulated and specifically designed for commercial applications. The silver washed 110 alloy copper ground bars are 1/4" thick and stand off 2.625" from the wall or backboard.

Quantity and size of holes is optional. Any arrangement can be accommodated. We'll fabricate to your requirements.

Same day shipment available.

Pacific Electric, Inc. PH (951) 296-1562 FX (951) 296-1563
